Goals

It is the goal of the Little Lambs Preschool to touch the lives of small children and their families with the love of God. Through a program of Bible stories, children's literature, art projects, and songs, Christian values will be taught and nurtured. Daily activities will help the child develop social skills, reading readiness, math readiness, and physical co-ordination. We believe that each child is created by God for a special and unique purpose. Our job is to cherish and develop the gifts God gives.

Class

Our classes run weekday mornings from 9:00 to 11:30. We offer flexible enrollment, enabling families to choose a schedule that meets their needs. We aim for 12 children per class.

Requirements

Potty training and health forms (completed and signed by a physician) are required before school begins.

Parental Involvement

It is our belief that the most effective program for the child is achieved through co-operation between the school and parents. We ask that all parents take turns providing snack, cleaning the preschool room, and/or helping as classroom assistant. Parents will be asked to help with one charity and one fund-raiser during the school year.
